

**Ms. NEENA SINGH**  
**Brief Profile**

Ms Neena Singh has more than 21 years of experience in the field of Impact Assessments and Social Development and is presently a Partner with ERM India, in the Impact Assessment and Planning (IAP) Group. She is a core social specialist and is the Asia-Pacific Regional Social lead for ERM.

She has extensive experience in carrying out reviews, assurance audits, social assessments, Social Impact Assessment and Resettlement and Rehabilitation studies in diverse sectors such as mining, oil and gas, infrastructure such as roads and power, agriculture, forestry and water and sanitation. She has also worked with local governments, both urban and rural, in the areas of utility and sector reforms, governance and capacity building/training in environmental and social management. Prior to joining ERM she was associated with Centre for Science & Environment, an international environmental NGO, as a Policy Analyst and Programme Associate for Conservation and Livelihood programmes. In that capacity she extensively researched and wrote on policy issues as well as on grass-root issues in CSE publications like “Down to Earth”.

Neena has lead a study for the Government of India, Ministry of Mines, to develop a Sustainable Development Framework for the mining sector in India. She has worked with a wide range of private sector and public sector clients, in India and also in South and South- East Asia, Central Asia and Africa.
