

Shri Nivit Kumar Yadav

Brief Profile

Nivit Kumar Yadav completed his MTech from Indian Institute of Technology, Delhi, in Energy and Environmental Engineering. He is the Programme Manager in the sustainable industrialisation team of Centre for Science and Environment (CSE). He has been a part of several flagship programmes of CSE, such as the Green Rating Project, Regulators Programme and research and capacity building projects in South Asia. He initiated the Swedish and Norwegian EPA collaboration with CSE for the institutional strengthening of the pollution control boards in the country. He is also leading the waste management project at CSE. He has carried many flagship programmes with the Ministry of Environment, Forest and Climate Change, India and has collaborated with many regulatory agencies in the Global South for capacity building and research.
